International Data Transfers

Sapien is a global organization, headquartered in the United States, with service providers, corporate affiliates, and operations in several countries. In order to provide you with the services you sign up for by creating a Sapien account or visiting our website, your personal information will be transferred to and processed in the United States (or any other country where we, our corporate affiliates, agents, and service providers operate). Data protection laws differ among jurisdictions, and the United States and these other jurisdictions may not provide the same level of protection for personal information as your jurisdiction of residence. If you are from the European

Economic Area ("EEA") and we transfer your personal information to countries outside of the EEA, we will take appropriate steps to ensure your personal information is afforded the same level of protection as described in this Privacy Policy.

Legal Basis for Processing Personal Information (European Economic Area)

If you are from the European Economic Area ("EEA"), our legal basis for collecting and using the personal information described in this Privacy Policy will depend on the personal information concerned and the specific context in which we collect it. We collect and use your information for a variety of business purposes that are in our legitimate interests, in order to enter into or perform a contract with you, with your consent, or to comply with our legal obligations.

If you wish to learn more about specific legal grounds we rely on to process your information for any particular purpose (including any legitimate interests we have to process this information), please contact us as provided under the Contact Us section. For example, we rely on our legitimate interests to process information for direct marketing purposes and for fraud prevention and detection, provided these interests are not overridden by your data protection interests or fundamental rights and freedoms.

Your Data Protection Rights (European Economic Area)

In some regions, such as the EEA, you may have certain rights in relation to your personal information, including the right to access, correct, update, or request deletion of your personal information. Sapien takes reasonable steps to ensure that the data we collect is reliable for its intended use, accurate, complete, and up to date. You also can manage your profile and settings within our Platform. However, if you are not a user of our Services and you want to contact us directly about accessing, correcting, updating, or deleting your personal information, or altering your data or marketing preferences, you can do so at any time by contacting us as provided in the Contact Us section. We will consider your request in accordance with applicable laws.

Again, you can exercise these rights by contacting us as provided in the Contact Us section. You also can deactivate your profile and obtain a copy of your information through your settings.

You can complain to a data protection authority about our collection and use of your personal information. For more information, please contact your local data protection authority. Contact details for data protection authorities in the EEA and Switzerland are available [here](#).

Similarly, if we have collected and processed your personal information with your consent, then you can withdraw your consent at any time. Withdrawing your consent will not affect the lawfulness of any processing we conducted prior to your withdrawal,

nor will it affect processing of your personal information conducted in reliance on lawful processing grounds other than consent.

We respond to all requests we receive from individuals wishing to exercise their data protection rights in accordance with applicable data protection laws. We may ask you to verify your identity in order to help us respond efficiently to your request.

If you wish to make a request based on the above, please inform us by visiting our website and going to the 'Contact Us' page. We may request evidence of your identity for verification purposes. We will respond to your request within the applicable statutory term.

Changes

We may change this Privacy Policy from time to time. If we do, we will let you know by revising the date at the top of the policy. If we make a change to this policy that, in our sole discretion, is material, we will provide you with additional notice (such as adding a statement to the front page of the Services or sending you a notification).
